

JJ McCarthy

LEED AP

**Green Advantage
Commercial Certified**

JJ McCarthy is principal of JJMC LLC, a green building education firm located in Rockville, Maryland. He is also a principal in Janus Development Services LLC, a real estate development and green building consulting firm. Mr. McCarthy is a LEED AP (Accredited Professional) for Sustainable Design. LEED (Leadership in Energy and Environmental Design) is the United States Green Building Council (USGBC) system to define and measure green buildings.

Mr. McCarthy is a member of the Associated Builders and Contractor's National Green Building Committee and Chairmen of the National Green Building Certification/Education Subcommittee.

Mr. McCarthy acquired his LEED Accredited Professional status in August, 2004. He is also Green Advantage Commercial Certified and a Certified Instructor for the National Center for Construction Education and Research (NCCER) Module 70101-08: Your Role in the Green Environment.

Mr. McCarthy has taught green building education and LEED Awareness to industry professionals over the last several years. Mr. McCarthy has spoken nationally and locally at construction conferences such as the World of Concrete and A/E/C Systems. He has also spoken internationally on Design/Build Procurement working with the Government of Finland on incorporating this procurement method into their building industry.

Prior to forming JJMC, LLC, Mr. McCarthy was CEO and President for Hubert Construction LLC, a commercial general contractor located in Gaithersburg, Maryland. He was responsible for the business development activities and daily management and operation of the company. His experience includes various positions from marketing, estimating, project management and field operations. Mr. McCarthy has considerable experience in the Design/Build method of contracting and Sustainable Design (Green Buildings). Mr. McCarthy also held various positions including Director of Pre-Construction Services, Project Estimator, Project Manager, and Project Superintendent for Glen Construction Co., Inc.

Mr. McCarthy is a past Chairman of the Board of the Associated Builders and Contractor's - Virginia Chapter. He is also Past President of the National Capital Chapter of the American Institute of Constructors. He is also the past Chairman of the Technology Council for the Associated Builders and Contractors – Virginia Chapter.

He has a B.S. in Building Construction from Virginia Tech and a Masters in Building Construction from the University of Florida.
